FROM THE PRESIDENT

Rockwall is Open! While there are still some restrictions in place, and various businesses have adopted their own rules for distancing, please remember this transition time to a "new normal" is still very difficult for some in our community. Please respect those persons and their needs during this adjustment period.

Thank you to everyone who participated in our Spring Flower Fundraiser. Our fundraising total will be provided in the June newsletter.

I am so thankful that we were able to have our May Happy Hour. Thank you to everyone who attended and to The Roundabout for supporting RCRW!

It is hard to believe our last General Meeting was in January. I cannot wait to see everyone at our June General Meeting. Guest speaker information is provided below, and we will announce the location soon.

Looking forward to seeing you soon,

Tiffany L. Miller, RCRW President

COMMUNITY OUTREACH

I hope that everyone has had a chance to go to Selah Creek's website and learn more about them. Selah Creek is a gospel-centered residential maternity home for women facing an unplanned or unsupported pregnancy. Through the sharing of the Gospel, discipleship and life planning, it is their goal to lead each resident to the Lord in a way that is real to her, resulting in lives changed for generations to come. RCRW SCHOLARSHIPS

By Anna Campbell, Scholarship Chair

The RCRW Scholarship committee would like to present to you our 2020 RCRW Scholarship Recipients. I wanted to first thank the members of this year's scholarship committee.

This year, our committee reviewed 124 scholarship applications. For those that are not familiar with our process, each young lady's application is rated using a rubric. The scores are tabulated and the top candidates are chosen. They are then notified and invited to interview.

On May 18th, we interviewed the top 14 candidates. We asked each of the young ladies the same questions and then scored the rubric. After all were interviewed, the top 2 were chosen. This process took our committee approximately 10 hours to review and interview the applicants. We did not take our task lightly.

Please allow me to present to you this year's Rockwall County Republican Women's scholarship recipients.

- **Desiree DeHart** is receiving an RCRW 2020 Scholarship in the amount of **\$3,000.00**.
- **Leslie Silva** is receiving an RCRW 2020 Scholarship in the amount of **\$3,000.00**.

Please take a few minutes to hear from each recipient. They were each asked to submit a video on...

From the young voter's perspective... What's the biggest challenge facing our country today?

We are proud of both of these outstanding young women.

Voter Roll Accuracy, Vote Verification Critical to Ensuring Reliability, Veracity

**By Besa Martin, Chair
NFRW Election Integrity Committee**

Due to the coronavirus pandemic, Democrats are pushing to allow voters to vote by non-traditional means (mail, online, etc.) that raise questions about security.

MONEY FOR STATES

Recent legislation to combat the coronavirus impact originally included \$4 billion to states with requirements to send ballots to every voter on the rolls, and to provide same-day voter registration and online voting. President Trump signed the final bill with those requirements taken out and reduced the amount sent to states to \$400 million.

In the spirit of the decentralized government that our founders envisioned, the money will be sent to the states without the Democrats' conditions. But how will this money be spent by the states?

DANGERS

In this time of social distancing and mandated emergency election procedures, there is a huge opportunity for elections to be stolen through unscrupulous agents. As top experts have written, elections will be compromised by fraudulent absentee ballots where voter rolls are full of unverified persons or ineligible voters. The key to cheating in elections is to exploit the system by adding votes that are virtually anonymous.

Consider that only last year, Los Angeles County agreed to correct the voter rolls after a lawsuit revealed there were approximately 1.5 million inactive/ineligible voters. Los Angeles County had not cleaned up the voter rolls in 20 years so the number of voters on the rolls was 112% of the county's adult population. A journalist in Florida tested this theory eight years ago when she mailed in three registrations and received a voter registration for one of her assumed names, and recently, after checking the Palm Beach County voter rolls, she found that false name still on the rolls.

Inaccurate rolls with fake or ineligible voters is a failure of election administrators in assuring valid election results. Other issues include ballots being stolen from mailboxes and voters being bullied by political operatives, which Hans von Spakovsky and J. Christian Adams recently recounted happening in Texas, Mississippi, and New York. Unfortunately, these bullies often live in the same neighborhood with their victims and hold political power; therefore, the victims are reluctant to tell how they are exploited.

The fraud and opportunity of elections being stolen is real. So what is the solution?

PROTECTION AGAINST CORRUPT ELECTIONS

Frontline experts have outlined the following procedures that would make our elections more reliable and accurate. The spending of the \$400 million in the states should be for these items:

- **Voter Roll Accuracy.** The people included on voter rolls should be verified by election administrators. Voters should be eligible under the law.

- **Vote Verification.** Before sending out a ballot, the election administrators should mail out a vote request form to be signed by the registered voter. Then, after receiving a ballot, the election administrator should have a procedure in place to authenticate the mail-in ballot. This should include a U.S. Postal Service stamp noting the date the ballot is mailed back and a signature of the registered voter.

Let's protect our right to vote.

TEXAS FEDERATION
of
Republican Women

Hello Ladies,

I hear all of you are doing a wonderful job meeting this current National challenge. Thank you! Looking forward to VICTORY 2020 is daunting. There is ONE thing that we MUST be doing right now. We must get as many people registered to vote as possible. You may be wanting to call for that favorite candidate, but unless we have the votes, we can't get them elected. I strongly encourage you to take advantage of the VEP — Volunteer Engagement Project set up for TFRW and hop on one of our Red Dialer trainings for Voter Registration. They will be offered every Tuesday at 2:00pm and Thursday evening at 7:30pm.

Your President of your club should be in touch with the Victory Region Director for your area. They will provide the RSVP for the training. Each training is about one hour in length. It's excellent for beginners and those who may also desire a review session. If you have a Red Dialer account, you do not have to do another training. Just let your Regional Director know and they can assist with downloading the VEP Call List.

Ladies, at this very crucial time in our state, our nation, we have to be willing to step out of our comfort zone and TRY one of these trainings. This is an ideal time to 'tackle' the computer calls. It may be our only method of 'Getting Out the Vote' when Fall rolls around. The assistance and help that you will receive from the VEP team is incredible. Your 'comfort' level will greatly increase. Why VEP? There are many people asking you to jump on training calls, but VEP provides:

- One-on-one assistance (If it's through another team you may not have the individual help)
- VEP calls provide the needed data for the RPT Political team to provide to candidates
- Your work hours are shown and collected for you to turn in for Campaign Hours
- You may even actually have the opportunity to visit with a new volunteer who wants to join a local TFRW Club — It's already happened!

Thank you and many blessings!
