RCRW Mission Statement

Promote an informed electorate through political education. Increase the effectiveness of women in the cause of good government through active political participation. Facilitate cooperation among Republican women of Texas. Foster loyalty to the Republican Party and promote its ideals. Work for the election of the Republican Party nominees.

FROM THE PRESIDENT

It is August and it is time for the kids to go back to school and for us to get back to work! There are less than 100 days to Election Day, and we still have a lot to do.

The Democrats are coming out strong for Texas and the Republican party. To date, the Democrats have registered more new voters than Republicans, and Democrats have raised more money for their candidates. As Republicans, we must do better.

I am proud to announce that we are participating in the TFRW Adopt A Candidate Program. We will be helping Texas House Representative, Angie Chen Button, with her campaign. Representative Button's district is 112 which includes parts of

Dallas, Rowlett, Garland, Richardson, and Sachse. Representative Chen is our neighbor, and it is vital that our neighboring cities have Republican representation in the House. We will also be adopting Dallas County District Attorney candidate, Faith Johnson. Ms. Johnson is working hard to reclaim the position she lost to current Dallas County District Attorney, John Creuzot. We must have a District Attorney in Dallas County that will enforce the law, support police, and prosecute criminals. We will be helping both ladies with what they need whether it is post cards, telephone calls, block walking, or at the polls.

Thank you to all who came out to our Rodeo Night supporting first responders. It was so great to see Rockwall County vehicles lead the parade and the Rockwall Sheriff's Posse was fantastic. In addition to all the fun monthly events we have, such as our happy hour and Ladies Lunch, there are many upcoming events for you to volunteer and help support our club, candidates, and Republican party. We are the Rockwall County Republican Women, a political organization that has fun while we work. The next few months is our time to work hard and shine.

God Bless,

Tiffany L. Miller, RCRW President
972-977-3321
president@rcrw.org

PROGRAMS

We are so honored to have Senator Angela Paxton District 8 be our August Guest Speaker.

Angela Paxton was elected to the Texas Senate in November of 2018 and represents fast-growing Senate District 8 in Collin, Hunt and Dallas counties, a district that is home to professional sports headquarters, dozens of Fortune 1000 companies, countless entrepreneurs and small businesses, and top-rated public schools. A secondary math teacher and school counselor for more than 20 years, she is the first educator elected to the Texas Senate in over two decades. Senator Paxton describes her job in three words: Listen. Learn. Lead.

Date: August 8, 2022

Meeting Place: Rockwall Golf & Athletic Club

2600 Champions Drive Rockwall, TX 75087

Time: 6:30 p.m.

Our September Guest speaker will be Judge Faith Johnson from Dallas County.

Water, tea and coffee will be provided. We will be seated in classroom style seating.

Liberty Ladies Lunching –

4th Monday of each month (August 22, 2022)

Meeting Place:

The Bagel Lady

Meet in the back room

Time: 11:30 A.M. – 1:00 P.M.

Love having lunch with your friends? Perfect – that is what we love too. Join us for a fun time to get together with old and new friends. It is a great time to connect with other Republican ladies and spend time together. We look forward to having you join us at our August lunch.

RCRW Book Club –

Looking for something to do in this heat – join our Book Club and travel back in time.

Our next book is *The Paris Wife* by Paula McPain. –

A deeply evocative story of ambition and betrayal that captures the love affair between two unforgettable people, Ernest Hemingway and his wife Hadley—from the author of *Love and Ruin* and the new novel *When the Stars Go Dark*, available now!

We will be meeting on September 18th at Rosini's Vineyard from 2:00 – 4:00pm.

Be sure to mark your calendars now and join us for the next discussion.

Don't miss out on any events, be sure to follow us on all social media platforms:

MEMBERSHIP REPORT

Hello All,

Hope everyone is doing well and staying as cool as can be expected with this heat. This drought is really affecting us all as well so be careful of fire danger as grass fires are a real problem.

We had a great happy hour at Edo Japan with a very nice turnout. It's always a lot of fun getting to socialize and get to know one another a little better. We had one new member join our club that evening and others that have joined via mail. We look forward to getting to know all of you. Once again, I'd like to remind those who've ordered a name tag that I have about 29 that need to be picked up. So, please join us at our next meeting on August 8th to get yours.

We had 5 New Members join for the month of July and they are as follows:

Norma Bell

Julie Johnson

Jamie Lee Kelly

Carmen Wasserman

Summer Winkler

Member/Associate numbers are:

Members: 155

Associates 41

Honorary 5

VP POLITICAL ACTIVITIES

Can you believe it's 100 days until the election? We have a lot of work to do! But first let's celebrate a little. Thank you to all the clubs that worked hard and reviewed and submitted revised hours for 2021 and 2022. We blew those hours out of the world! Our final total submitted to NFRW was 1,589,339 hours for the last year! How absolutely fabulous! This is for the last year. Our 2nd quarter total is 484,419 hours. We are almost at my goal of 500,000 hours per quarter. Keep counting, tracking, and submitting!

The new item we are tracking is political calls. These are all calls you make that are for your club, campaigns, TFRW, NFRW or any of the activities that you do that are political. You are counting the time, now we want you to count the quantity. There were 32 clubs that reported their number of calls for a total of 86,313 calls.

Congrats to everyone and, a special shout out to one of our newest clubs, Blanco County Republican Women, who submitted 7,215 hours for 2nd quarter! What a fabulous start. I expect great things from them.

Someone asked me which club had the most impressive hours. Would you believe, the one that turned in 24 hours for Q2-2022? While nothing is staggering about that amount, they actually submitted them and they were able to add to the whole.

We are an organization of more than 160 clubs and 11,000 members, so we need the input from each and every member and club to show our strength. I am going to let NFRW make the announcements of the individual members with the most hours and most political calls.

Regarding calls, we announced that we would issue Eagle Pins to VEP callers with more than 5,000 red Dialer calls. Then the decision was made by VEP to utilize a power dialer program that makes multiple calls at a time. Once one phone answers, it puts the other numbers back into a queue, but it actually credits the caller with calls for the full number of phone numbers dialed. The team decided that since the counts were not for the actual number of calls made, that we would change the quantity of calls needed to earn the pin. The power dialer does about 10 numbers each time, so we are going to award the pins at 50,000. This will be fairer for those who made the 5,000 before the power dialer was implemented. This may be adjusted if the power dialer quantities are adjusted.

Please make sure you read the article about the Adopt a Candidate project following this article. I'm so excited about this so we notified the candidates and invited them to stop by the Board Meeting. It was extra special that Rep. John Lujan HD118 and Rep. Carolyn Harris HD52 were both able to stop by and say hello. We have a lot of work to do to help get them elected. In late September and early October, TFRW will be coordinating Red Heel Brigades. These are block walks in key areas where local TFRW clubs, the County Chair, other local clubs and any volunteers from the area and outside areas gather to block walk and phone bank for local candidates. It's an effective way to cover a large area in a day or weekend. The areas we are hoping to take on are Dallas/Collin/Denton, Harris, San Antonio, West Texas, and South Texas/Rio Grande Valley area. We need local coordinators to be the onsite point of contact. Email me at vpcampaignact@tfrw.org if you are interested in helping, or want to organize one in your area. The Democrats are raising funds, registering people, getting their message out, and getting fired up. We need to make sure we stay 10 steps ahead of them. We cannot get complacent or hope they keep making stupid statements—like calling residents of San Antonio breakfast tacos. We cannot let any of our own differences divide us. We have to focus on defeating them and not attacking each other. The primaries are over and our candidates have been chosen by the Republican voters of Texas. That is who we are voting for. And, we are voting the ENTIRE ballot! No skipping candidates and stopping halfway down. Every seat is critical and we want every seat.

August is GO time! Get your game plan set for doing something every day until election day. Consider it your own 100 days of action!

RCRW SOCIAL TIME

Happy Hours:

August 16, 2022
Opa! Greek Taverna
3801 Lakeview Pkwy, #600
Rowlett, TX 75088
6:00-8:00

Ingredients

Peaches- ripe and not too soft
Jalapenos- freshly diced
Red onions- adds sweetness and crunch
Lime Juice- adds the acidity
Cherry tomatoes- adds sweetness and color
Cilantro- freshly chopped

Dice everything into evenly sized cubes. Let all the ingredients meld together once you have chopped and diced at least 2 hours before serving so you give everything a chance to marinate. If your salsa is too watery drain any liquid before serving.

Jessica Metts, Social Chair

SENATE DISTRICT 2

Profit over safety. The COVID Vaccination is Dangerous for Children

The Texas government must do whatever it takes to prevent mandated COVID vaccines for children. Under the pretense of public safety, the federal government and pharmaceutical companies are willing to sacrifice your children to make a profit. We must not continue to allow this to happen.

According to government data published on the Vaccine Adverse Event Reporting System (VAERS) website, as of July 12, there have been 29,273 individuals who have died and 241,910 have had serious adverse reactions from the experimental COVID vaccines. Reporting systems in other countries show alarming results as well. EudraVigilance, the European database, shows 1,328,328 reported adverse events.

Initially we were told the vaccine would prevent, or at least decrease, the likelihood of hospitalizations and serious infection, now we know that has not been the case. Still there is no credible report indicating that ANY life has

actually been saved or anyone kept out of the hospital because they received one of the experimental vaccines. Now Pfizer wants to extend its death march to children. On June 17, 2022, the U.S. Food and Drug Administration extended the emergency use authorization of Pfizer's COVID-19 vaccine for children aged 6 months to 5 years. In spite of the fact that Pfizer's own data was manipulated to hide the injuries and deaths during trials, our government is encouraging this child vaccine. Some of the most basic concerns and questions are: *Why did only two-thirds of the 4,536 children recruited by the FDA not complete the trial? Was their data thrown out to fit a predetermined conclusion? *Why was the trial not able to show a reduction in severe illness among those vaccinated? *The FDA's own risk benefit assessment showed a 30 percent increased chance of contracting COVID-19 in children vaccinated after the first dose compared to those in the placebo group. Why was this overlooked? *Why was approval granted when the manufacturer's own trials showed zero benefit to

children? *Why was authorization granted by the FDA when there is no data related to the long-term impact of the mRNA vaccine on children who are not at risk of serious illness or death, unless they are significantly immune compromised?

I agree with clinical doctors like Peter McCullough and Robert Malone who had great success treating COVID with early, preventative measures and are strongly opposed to vaccinating children. Though it is unpopular to say, deaths from the COVID vaccine are much higher than any other vaccine. According to Pfizer's own analysis, of the 42,086 total number of Pfizer vaccines that were administered in the first 90 days, there were 1,223 deaths.

In the UK, a group of 76 medics, scientists, and healthcare professionals wrote a letter urging health authorities against giving children the COVID vaccine. Many healthcare professionals are quite alarmed that this vaccine is being pandered to children without any knowledge of the long-term effects while touting dismal efficacy ratings against future infections.

In Texas alone, as of June 17, 2022, there have been 45,295 adverse reactions to the COVID vaccine that have been formally reported to VAERS. The table below shows the effect on children.

Total Adverse Events in Texas reported to VAERS 2890 120 Serious Adverse Events in Texas reported to VAERS 119 3 Adverse Events in Texas resulting in death reported to VAERS 4.

The actual number of deaths and injuries is likely much higher. According to a study conducted in 2010, it is estimated that fewer than 1 percent of vaccine adverse events are reported to VAERS. While this study was conducted pre-COVID, we have no reason to believe that any substantial improvements have been made in the reporting of adverse events. Given the low percentage of cases that are reported, it is not a stretch to consider that the total number of deaths of children under age 17 from the COVID vaccine could be as high as 400. When the swine flu was a concern a few years ago, over 40 million swine flu vaccines were administered, yet, when just fifty people died of vaccine injury, the vaccine was immediately pulled for safety reasons and no longer administered.

Not only is the Pfizer COVID vaccine the first mRNA vaccine to be widely administered to the public, it has also been done under emergency use authorization without the traditional robust and comprehensive trials to which other vaccines have been subjected. Without these long-term, comprehensive trials, there is no way to know the long-term health benefits or long-term risks of this vaccine. The crucial thing to determine is whether children are more at risk from COVID or from the COVID vaccine? The Department of State Health Services estimates that in 2020 and 2021, 84 children under age 17 in Texas had COVID listed on their death certificate. Only one percent of those listed only COVID. The remaining 99 percent of these children had one or more comorbidities contributing to their deaths.

Texas parents should be free to consult with their pediatricians and make informed decisions regarding the health of their children without any interference or persuasion from the state. However, it is clear to me that the vaccine may cause harm to more children than COVID itself.

Not only am I opposed to mandating or requiring children to receive this experimental vaccine, that may cause more injury than the virus itself, but doctors must be required to explain in detail the serious risk of the COVID vaccine and the lack of long-term data before administering it.

The Texas Medical Board (TMB) and the state Health and Human Services Commission (HHSC) should immediately launch an intense media campaign warning doctors, nurses, and parents of the risks of this experimental vaccine. Additionally, the TMB should investigate any doctor who vaccinates a child where informed consent was not given.

Instead of parroting the rhetoric from DC, I believe that Texas needs to look at the data and the science, consider the unknown, long-term impacts of this experimental vaccine, and take a stand to protect children by ensuring that parents are presented with all the known sideeffects, death rates, and unknowns so they can truly make an informed decision in the best interest of their children.

To do anything less would make the state complicit in the unnecessary deaths of innocent children

Senator Bob Hall, SD 2

TFRW REPORT

TEXAS FEDERATION
of
Republican Women

Relentless as the Gulf Coast waves... July was a whirlwind of activity including Independence Day celebrations and our TFRW Third Quarter Board Meeting. We were excited to have an overflow crowd attend the Board meeting and hear informative updates from Board members and speakers who inspired us to be relentless for the next three months doing all we can for our Republican candidates. The November election is only 100 days away, and our one and only goal is to WIN EVERY RACE ON THE BALLOT. Texas has not always

been Republican, and it is estimated that to win in November, 76.6% of Republicans must get out and vote. If we aren't successful, all that Texas Republicans have accomplished over the past few years is at risk of being washed away! If this isn't a call to action, I don't know what is! Politics is not for the faint of heart. TFRW women must be relentless in our efforts to educate voters that politics matter, because policies matter, because people matter. Elections have consequences and policies, through politics, impact every aspect of our lives. It is because of the failed policies of the Biden administration that gas prices have skyrocketed, inflation has hit a 40-year high of 9.1%, we are suffering from supply chain issues, and drugs are flowing into Texas across the southern border like never before. Our enthusiasm and dedication will determine the future of Texas and our country. TFRW members must change the sentiment of those who believe that simply voting is enough, those who have walked away from the party, or those who believe their vote doesn't count.

I implore you to remember what Glynis—and all past presidents have stressed— TFRW must set the example for how to be effective, positive leaders by focusing on our mission of electing our Republican candidates and by: • Being positive about our party and our candidates • Increasing club membership and participation • Re-engaging those who have left the party • Bringing in independents and those leaving the Democrat party • Block walking, phone banking, hosting meet and greet events We are living in unprecedented times like we have never seen before in our lifetime. With turmoil, uncertainty, and division all around us, it is easy to get discouraged and consider giving up. But TFRW women know Texas is the best place in the country to live, work and raise a family, and are proud to lead the way in the fight for our great state. We are strong Republican women, relentless as the Gulf Coast waves in our efforts to elect our Republican candidates, and to show Democrats what strong Texans look like and how we fight to defend our freedoms.

Kit Whitehill
TFRW President

LEGISLATIVE

Following LEGISLATIVE DAY is scheduled! TFRW's biennial Legislative Day will be on Friday, February 3rd, 2023, at the AT&T Conference Center in Austin. Because the format of the 2021 event was so well-received, we will follow the same format in 2023 with a day of training and presentations on Friday including the Legislative Day luncheon. Legislative Day occurs in connection with the TFRW 1st Quarter Board Meeting, so some of us will be in town for meetings from Thursday afternoon through Saturday (District Director/Deputy Presidents and Executive Committee meetings on Thursday afternoon, Board meeting on Saturday). For those who would like to visit their representatives or visit the Capitol, we suggest you arrive early enough on Thursday to visit on your own. As you know from my articles, I consider education about the legislative process and

how to do your own research very important. My goal is to help you prepare for the 2023 legislative session by providing training that will empower you, and give you the confidence to engage in the legislative process. TFRW will have 2-3 legislative priorities that we will follow for our members, but I know that you will have legislative priorities of your own. Legislative Day will provide training on preparing and presenting testimony at legislative hearings, research and advocacy skills, and provide the opportunity for you to network with other Republican women who are community leaders. If you choose to go to the Capitol on Thursday, you'll have the opportunity to engage with your own representatives or their staff about matters that are important to you. We'll do enough PR beforehand that there will be no doubt that TFRW is in the House (and Senate)! I don't have to tell you that the cost of everything has gone up, but we are working hard to hold the cost of Legislative Day registration at the 2021 level. We have secured a location close to the Capitol (AT&T Conference Center) that is providing us the most competitive hotel rate in central Austin. I'll provide more details as we get closer to opening registration later this year, but mark your calendars NOW and plan on joining us in Austin on February 3rd, 2023, for TFRW Legislative Day. Just another way that TFRW builds strong leaders.

Robbi Hull, VP Legislation
vplegislation@tfrw.org

VDR TRAINING

VOTER REGISTRATION DEPUTY TRAINING

In Person Training

Anyone wanting to become a VDR can study the information online through the SOS website at: <https://www.sos.state.tx.us/elections/forms/volunteer-deputy-registrar-training.pdf>

Print and take the test from SOS as well:

<https://www.sos.texas.gov/elections/forms/exam-volunteer-deputy-registrars.pdf#search=volunteer%20deputy%20registrar>

(If you do not have a printer, you can take the exam at the Election's Office)

Once you complete the exam, call the Elections office to set up an appointment to bring in the test and complete the required paperwork.

RCRW UPDATES

STAY UPDATED WITH THE LATEST INFORMATION FROM RCRW

It is finally here!!

Rockwall County Republican Women now has the ability to text by using Remind. Many of you may be familiar with this program.

To receive e-mail and text reminders, follow the instructions below to send a request to be allowed in the RCRW texting. Once accepted, you will begin to receive text messages from RCRW.

Text the message @2474cb to the number 81010.

If you're having trouble with 81010, try texting @2474cb to (205) 703-2109.

* Standard text message rates apply.

Don't have a mobile phone? Go to www.rmd.at/2474cb on a desktop computer to sign up for email notifications.
